SOLUTIONS FOR EDUCATION

Panasonic Education Solutions provides a range of products for small to medium schools and colleges, delivering advanced communication solutions that make teachers more accessible, and helps you focus on keeping in contact, optimising operational costs and providing a real solution to your community.

The foundation of these solutions starts with Panasonic Unified Communication Solutions.

▶ PANASONIC AN IMPORTANT SOLUTION PROVIDER IN THE MARKET

- ▶ A Proven long-established provider of communications solutions, in education for over 23 years.
- ▶ Panasonic communications solutions have a great range of features and applications that enable you to implement enhanced parent to teacher solutions.
- ▶ Panasonic communications solutions have been designed with connectivity to third-party applications such as Microsoft office, database applications, and more to interface with your contact solutions.
- ▶ Take advantage of a wise investment with Panasonic Unified Communications Solutions for your school and see the benefits.

Panasonic Unified Communication solutions come with an exciting array of integrated intelligent features and applications specifically designed to enhance communications and information to parents and teachers alike.

With the Panasonic Solution for Education – it's easy to setup and manage advanced call handling solutions for all calls arriving from parents. Staff can be part of the

contact team wherever they might be, in the classroom, in the staffroom or with pupils.

Improving communications with your community is the key to success, and Panasonic Unified Communications is designed to do just that, and much more. With solutions for dedicated call operators through to advanced video door entry, Panasonic solutions have the tools you need to stay in touch.

Provide your staff with real-time availability information of colleagues, using applications designed for Microsoft Windows desktop PC's.

▶ PANASONIC EDUCATION SOLUTIONS

- ▶ Single or multi-building campus.
- ▶ Parent to teacher hotline –making teachers more accessible.
- ▶ Out of hours call handling and voice message service.
- ▶ Call recording and bulletin board services.

▶ NEVER MISS A CALL

Built-in auto attendant makes sure that callers are never kept waiting during a busy period. Auto attendant provides parents with easy to use voice response to guide them directly to the required member of staff, wherever they may be, saving time and money and allowing other staff to focus on teaching at the premises. For the extra busy and out-of-office periods, individual voicemail for all staff ensures all early or late callers can leave appropriate messages.

▶ STAY IN TOUCH

Mobile phones are an essential communication tool, ensuring that staff never miss calls. Panasonic solutions allow all calls to be handled from your desk or mobile phone with no need to publish teachers personal telephone numbers.

Need mobility in the office without using a mobile phone? Panasonic offers a range of DECT wireless handsets that are ideal for use in the corridor to the playing field, again keeping just one number for immediate access for all staff and parents alike.

▶ SAVE MONEY AND REDUCE COSTS

Looking to replace an existing solution?

Panasonic systems work with a wide range of telephone models, and support migration for 4 generations of handsets, including basic industry standard analogue.

System power consumption reduced by 54%
[System power consumption: 692 kWh/year
Compared to the 2003 model KX-TDA100 (1,508 kWh/year)]

Panasonic solutions are very efficient in power consumption, some consuming over 54% less than previous generations of products.

▶ PREMISES MANAGEMENT

Panasonic also provides a wide range of security solutions products including static and dome cameras, through to digital recording solutions, ideal for monitoring visitors during the day and intruders during out of school hours.
